

H&IOW Area Drama Grants 2025

The H&IOW Area Drama Grants have been set up to help Societies direct funds to local drama groups across Hampshire and I o W. They will operate with a quick and easy application process in a similar way to the £250 National Community Grants.

Societies can receive one Drama Grant of £300 per Society per year. Applications for the Drama grant can be made at any time and Societies are requested to feed back to the Area the benefits achieved through the grant.

The existing Area Grants of up to £1000 are still available for any other Arts or Heritage projects, as well as the National Community Grants and Patricia Fay Fund Grants, which can be used in addition to the Drama Grant for larger projects.
